### A ROAD TRAFFIC ACCIDENT CAN HAVE A MAJOR IMPACT ON YOUR LIFE

We have prepared this guide to ensure that you know exactly what to do if you are unfortunate enough to be involved in a road traffic accident. It includes practical tips to help you get back on the road as quickly as possible.

#### AFTER AN ACCIDENT

- Obtain the name, address, vehicle registration and contact details of anyone else involved in the accident along with details of their insurance company
- Obtain full details of any witnesses – they will be essential in proving your case
- Take photographs of the scene of the accident. If possible include something which will help to scale and date the accident (eg a newspaper)
- If you are injured, report the accident to the police and do not move the vehicles until the police arrive.
- Do not admit liability for the accident – your insurance usually prohibits you from doing so.

#### GETTING YOU BACK ON THE ROAD

We can provide you with a range of services if you have been involved in an accident including:

- Free car or motorcycle hire to the same standard as your own vehicle. (if eligible)
- Free private medical treatment
- Expert personal injury solicitors who guarantee you will receive 100% of your compensation

#### CAN I CLAIM?

We offer a free initial consultation, so if in doubt please call us, but in most cases you can claim if:

- The accident was less than 3 years ago (longer in special cases, please ask)
- Someone else was to blame for the accident (even if it was a friend or your partner)

### ENSURE YOU GET EXPERT ROAD TRAFFIC ACCIDENT SOLICITORS ON YOUR SIDE

In most cases it is completely free to claim with us and you will recover 100% of your compensation if successful.
